IDS VACANCY

IT Helpdesk Analyst (Ref: 749)

35 hours per week (part time hours over 28 hours per week may be considered)

Fixed-term for 12 months to cover maternity leave

We have an opportunity in our Computer and Technical Services (CATS) Team for an experienced IT Analyst. The successful candidate will work on front line support services to Institute members (80% of role)

Duties to include

- Attending to user needs at their work space
- working through a helpdesk allocation system
- prioritising a varied and busy workload, building pcs and laptops using imaging tools from prepared image templates.
- repairs to computer hardware or as appropriate arranging for a repair contractor to be called on site
- loading application software on PCs and laptops
- diagnosing software and hardware faults and rectifying these faults
- creating, modifying and deleting Microsoft active directory user accounts according to specified requirements
- proactively supporting user queries, requests and problems, and providing ad hoc training on basic Microsoft Office features
- Creating training materials and training users as required

The role will also incorporate providing administrative support services to the Computer and Technical Services section (20% of role).

Candidates should have excellent knowledge of Windows 7/8 operating systems and Microsoft Office suite as well as User management in a Microsoft active directory and exchange environment for at least one year. Additionally, candidates should have an extensive proven track record of supporting Windows operating systems, Microsoft Office and printers in a large 50 users plus site, and practical experience in hardware and software procurement.

If you are a non-EU National then please refer to the UK Border Agency website, www.ukba.homeoffice.gov.uk for information regarding your eligibility to work in the UK.

Salary: Initial appointment will be £25,060, in the IDS Grade 5 salary range (£25,060 to £30,412)

Closing date: 28 November, 10am

Interview date: 12 December.
