## IDS VACANCY

**Research Officer (Ref: 744)**

Hours per week: 35 (1.0FTE)

Contract type: Fixed-term for 12 months

The International Centre for Tax and Development based in the Governance Cluster at IDS is an international research consortium doing research on issues of taxation and development in Sub-Saharan Africa. We need to recruit a highly competent and motivated Research Officer to join the team and work on at least two key projects in the programme portfolio.

The first project is a large-scale field experiment on tax compliance and the RO will be involved in the design of the experiment and will play a leading role in data analysis. This role will be expected to provide substantial contributions to the research and to co-author at least one of the key outputs.

Under the second project, the RO will lead the compilation of a cross-country dataset of sub-national tax data from at least four countries in Africa. You will need to have a Masters in an Economics/econometrics related field and have significant expertise in STATA. Experience undertaking research in a developing country is essential along with excellent analytical and synthesis skills. Applicants should also have experience with quantitative research methods. Apply at:
