IDS VACANCIES

K4D Research Officer – Climate & Environment

Hours per week: 35 (1.0 FTE)

Contract type: Permanent

Salary: £25,060 to £37,431 per annum, notional, pro rata (depending on experience) in the IDS grade 6 range.

The position of the K4D Research Officer – Climate & Environment – is exciting and unusual, providing a bridge between academic experts and those working in donor agencies and government policy and research departments. It offers experience in and exposure to development policy and research at its highest level. It may be of particular interest to those considering a career in policy-based research, development agencies, or non-governmental organisations.

The post requires strong coordination, prioritisation, project management and communication skills. It also involves liaison with DFID advisers and other senior development agency staff so an assertive and diplomatic approach to relationship management is required. A postgraduate degree in environmental science, climate change resilience and adaptation, low carbon development, environmental stewardship or a related field is essential. Other areas of knowledge include natural resource management in developing countries, impacts of climate change, sustainable development, resilience for natural disasters, environmental governance, rural livelihoods and agricultural policies.

Closing date: 6 March at 10am.

Research Officer in Accountability and Health (Ref: 1112)

Hours per week: 28 (0.8 FTE)

Contract type: 1 Year Fixed Term until 31 March 2018.

Salary: Grade 6, £25,060 to £37,431 pro rata (depending on experience)

IDS is looking for a Research Officer to join the Accountability and Health Programme to help to deliver a number of outputs including a global convening event, two flagship publications and a special issue of the IDS Bulletin. The role will be based with the “Unequal Voices” project team but will involve working across a number of projects with multiple funding partners.

The research support component of the role will involve reviewing literature, liaising with programme research partners in Bangladesh, Brazil, Mozambique and Uganda, editing research reports and other outputs for publication, managing a project research database, assisting with the development of an analytical framework, conducting a scoping review of accountability interventions and drafting an accountability mapping toolkit. The policy engagement component will involve working with knowledge specialists and research partners to develop outputs to support policy engagement and influence in the fields of accountability and health equity, and coordinating a major event to be held at IDS in July 2017.

Closing date: Monday 13 March at 10am

Interview date: Monday 27 March
